

# Extended Warranty for Drives

Continued peace of mind

Extended Warranty offers continued peace of mind after the original factory warranty period. It covers spare parts and repair work in case of a fault. Extended Warranty is easy to purchase when you feel the time is right. It is available when a new drive is purchased or at any time during the original warranty period.

## Easy choice for the peace of mind

In case of an unpredicted fault, service with authentic spare parts and ABB approved repair work is offered.

## Risk management

All costs are known, no additional expenditures occur if repair is needed.

## High quality original spare parts

Spare parts guarantee flawless and safe operation of drive and process sustainably.

Check the service availability for your drive types with your local ABB representative.

## Need help?

Contact ABB or third party channel company.

# Extended Warranty for Drives

## Service delivery

### Buying Extended Warranty with the drive

Easy way to purchase an extended period of the peace of mind.

### Buying Extended Warranty during factory warranty

If you feel that you want to extend the warranty offering beyond the offered time, you can do so flexibly at any stage of the factory warranty time.

### Activities to keep in mind during factory warranty

- Register your drive
- Follow the maintenance schedule
- Use original ABB spare parts

### Extended Warranty starts after factory warranty

Extended Warranty can cover your drive up to five years. Check the details for your drive from your local ABB representative.

### Claiming if needed

In case of failure, contact your local ABB representative.

### Extended Warranty expires

Your drive has been well taken care of during the extended warranty period. Contact your local ABB representative for a suitable continued care service.

### Easy transition to Drive Care contracts
